

AREA BOARD 9 AND THE AUTISM SOCIETY OF SANTA BARBARA INVITES YOU TO JOIN AN INFORMATIVE WEBINAR

Serving the Counties of Ventura, Santa Barbara, and San Luis Obispo

Behavior Assessment and Intervention

This is a webinar on functional behavior assessment and intervention for parents with children 3-22 years of age to provide tools to effectively advocate for their child's education. This webinar continues our discussion on special education focusing on functional behavioral assessment and developing a positive behavior plan. By the end of this webinar parents will understand the necessary components of an FBA, the necessary skills and knowledge to conduct an FBA, and how the results can go towards building a positive behavior plan.

May 24, 2010

10:00 am—12:00 pm

Hosted By:

Dr. Ann Simun of
Neuropsychology
Partners, Inc.

What is a webinar?

A webinar is a live training via the internet where you participate online and over the phone. There are 20 spaces available, and if you wish to attend you must RSVP as soon as possible. Two days before the training you will be provided with the URL and the conference call number via email.

**Please RSVP By
May 19th
